eDistimate™

XTENZA

Web enabled collaborative distribution solution to automate business process with distributors & retailers, track their inventory and improve bottom line

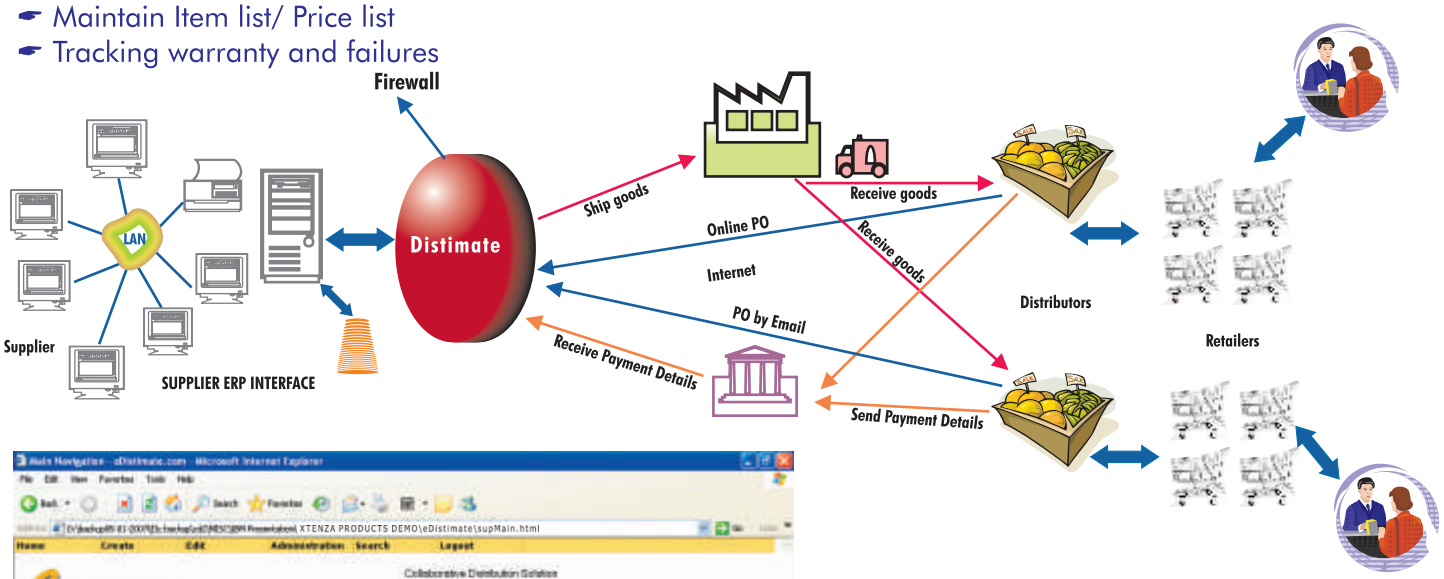

eDistimate allows companies and their distributors, retailers and trading partners such as stockists, warehouse agents and shipping agents to collaborate in the supply chain, shipment and fulfillment. eDistimate help companies to improve planning and forecasting by accurate tracking of distributors inventory and sales through-put rate of retailers. eDistimate provides a unique messaging automation that lets companies communicate better which leads to greater customer satisfaction. eDistimate is accessed by distributors, dealers and trading partners through standard browsers – no software to install or maintain.
